About CIS Kenya

Credit Information Sharing Association of Kenya (CIS Kenya) is a member-based Association that brings together lenders, Credit Reference Bureaus and other stakeholders for effective implementation of Credit Information Sharing (CIS) within Kenya and promotes cross-border sharing.

The Association's vision is to be the institution that leads Africa in shaping and transforming the credit markets to achieve sustainable and inclusive growth. CIS Kenya's members are drawn from Commercial and Microfinance Bank sector, credit-only microfinance institutions, SACCOs leasing companies, digital lenders, debt collectors and liquidators.

CIS Kenya's mandate is to promote best practices in credit provision and foster the growth of credit market by working towards the implementation of an effective CIS mechanism. The Association is involved in championing data quality, CIS awareness creation, lobbying for legal reforms and capacity building.

About CIS Learning Center

The CIS Learning Center is the Premier Capacity Building Platform for learning about CIS in Africa. The Centre was launched on 18th September 2019 by Credit Information Sharing Association of Kenya (CIS Kenya) to help address capacity building gaps in identified financial sector. CIS Learning Center facilitate knowledge transfer through specially curated online classes as well in person capacity building training on best practices in CIS.

The training that the Centre offers include:

- Credit Reporting
- Credit Scoring
- CRB Data Submission/Industry Validation Tool Training
- Portfolio Management
- Data Protection and Privacy
